Ewart is 'the name in chain'

PRODUCT PROFILE:

SUGAR INDUSTRY

Chain and related goods to the Sugar Industry – Corrosive and Abrasive Environment

- Sugar Cane Juice is acidic and emits a gas. Most materials corrode and break down against acid and gaseous discharge. Corrosion is one of the biggest problems facing the sugar industry.
 - Ewart use high quality stainless steels and durable Alloys, Case hardened or Through Hardened
 - Serve main sugar processing countries in Central & South America, Africa, Asia, Philippines and Australia
-
